

Make Way for the Standard Choice Offer, or SCO

Today, one in five Dominion East Ohio customers buy their natural gas directly from Dominion East Ohio.

In April, most of those customers will be assigned to a supplier under the new *Standard Choice Offer, or SCO*. The supplier will be listed on bills dated around mid-April.

*All Standard Choice Offer customers will pay the **same rate** for natural gas, no matter which supplier is assigned to them.* That rate will change monthly.

SCO customers can always shop for their own gas supply. Or, they can do nothing at all and they still will receive natural gas.

If you now participate in Energy Choice, you would not be affected by this change.

Regardless of the choice you make, Dominion East Ohio will continue to deliver your natural gas, respond to service and emergency needs, read your meter, and provide customer service and billing.

Natural Gas. *The Choice Is Yours.*

Choosing a Supplier

If you want to choose your own supplier, start here.

For a one-stop source for prices and options from participating suppliers, visit any of these Web sites:

www.DominionGasChoice.com

Public Utilities Commission of Ohio
Apples to Apples price-comparison chart
www.puco.ohio.gov
1-800-299-7271

Office of the Ohio Consumers' Counsel
Comparing Your Energy Choices
